Small Thinking

Success and high achievement doesn't elude most people because they dream too big and fall short of their goals. Most people don't dream at all, or they think small. They aim too low and hit the bull's eye of mediocrity every time.

You must develop the mindset of a high achiever, a winner, a leader, a millionaire, or a top producer well before you can ever become one. Anyone who does not embrace this "winner's" mindset will never achieve or perform at a high level. The best way to predict the future is to imagine it! Some of the greatest mind in the history of mankind, were also the greatest dreamers! I've talked to thousands of people while conducting surveys and doing research for my book. The following answers are the responses to the question:

"Where do you see yourself in the next 5 years?"

"I don't know, I'm just trying to make it man."

"I'm gonna do this for a while and see where it takes me."

"I'm just trying to get by."

I'll give you one guess as to how most of these individuals are living - they are just getting by! Most people's life story can be summed up by the following poem:

"I bargained with Life for a penny, and Life would pay no more, however I begged at evening when I counted my scanty store. For Life is a just employer, it gives you what you ask, but once you have set the wages, why, you must bear the task. I worked for a menial's hire, only to learn, dismayed, that any wage I had asked of Life, Life would have willingly paid." Unknown Poet.

Successful people don't simply desire to get by - they dream of standing on the number one spot on the podium. They visualize the winner's circle. They see themselves winning long before they win. They work consistently on themselves to make that same image a reality. You must see it, conceive it, imagine it, and visualize it well before it ever becomes a reality! All it takes is for you to see what you want (conceive), accept that it is possible for you to have (believe), and with a good plan, hard work, and determination you can get it (achieve). ***"As a man thinketh in his heart, so is he"*** KJV Bible.

What are your dreams? Do you believe that you can have them? How are you going to make them a reality? Right now you should be excited! You should be beside yourself with positive expectation, because NOW you know! You know several of the major keys to having it all:

- 1. you are response-able**
- 2. whatever the mind of man can conceive and believe, it can achieve**
- 3. you become what you think about**

You have the ability to shape your life exactly the way you envision it. It starts with your mind! What you choose to believe!
